Personal Profile

Motivated and proactive Year 11 student currently completing GCSE studies, with a strong commitment to achieving high standards and continually developing new skills. A reliable and enthusiastic individual with experience in teamwork, leadership, communication and working under pressure through school programmes, work experience placements and sporting activities. Planning to continue studying A Levels in Maths, Chemistry, Biology and History, with long-term ambitions of progressing to university. Keen to gain valuable workplace experience in an entry-level role where I can contribute positively, learn new skills and continue personal development.

Key Skills

- Strong communication and interpersonal skills
- Teamwork and collaboration
- Leadership and mentoring skills
- Organised and reliable
- Ability to work under pressure
- Positive attitude and willingness to learn
- Problem solving skills
- IT and computer literacy, GCSE level computer science
- Adaptable and quick to learn
